

stanley

Sprinter 85 > powered stair climber

A powered stair climber from Stanley ensures the safe, quick and efficient transportation of materials on stairs, uneven steps and kerbs. Weighing just 13.5kg with a carrying capacity of up to 85kg, the Sprinter 85 stair climber trolley enables medium sized awkward loads to be manoeuvred by a single operator.

The Sprinter 85 provides a convenient, robust, cost-efficient solution to high volume logistics delivery.

The lightweight design, simple push-button control, easy stowage and removable fast-charging battery make the Sprinter 85 a market leading powered stair climber.

Benefits

- > Lightest powered stair climber on the market
- > Lightweight, foldable frame for easy stowage
- > Reduce the risk of manual handling injury
- > Improve efficiency of business operations
- > Anti-slip caterpillar tracks
- > Push-button control
- > Easily switch from ground to climb mode
- > Twin-speed function for operator safety
- > Adjustable handle for varying load height
- > Manoeuvrable on tight landings
- > Puncture proof tyres
- > Removable battery for in-transit charging
- > Bespoke accessories for different sectors

Specification

- 85kg maximum capacity
- 13.5kg overall weight of machine
- Twin-speed function up to 45 steps per minute
- 1-2 hour fast charge lithium battery
- 1.1kg battery unit weight
- Fold size – 1000mm x 202mm x 460mm
- Dimensions – 1400mm x 448mm x 460mm
- Conforms to EC materials handling regulations

- ✔ Free demonstrations
- ✔ Certificated training
- ✔ National maintenance coverage
- ✔ Preventative maintenance schedule
- ✔ Competitive finance and hire options
- ✔ 12-month parts warranty
